VAMSI AKKISETTI

Aspiring AI & Software Developer | B.Tech, Electrical and Electronics Engineering

Andhra Pradesh, India • vamsiakkisetti01@gmail.com • GitHub: github.com/Vamsi01062003

PROFILE

B.Tech graduate in Electrical and Electronics Engineering with a growing focus on Python, web development, and Generative AI. Learning concepts including Retrieval-Augmented Generation (RAG) and AI agents, while building practical experience through web and engineering projects. Seeking an entry-level opportunity to learn, collaborate, and contribute to useful technical solutions.

SKILLS & LEARNING AREAS

Python fundamentals • Git and GitHub • JavaScript / web development • Generative AI concepts • Retrieval-Augmented Generation (RAG) • AI agents • Prompt engineering • LangChain / LangGraph concepts • Embeddings and vector databases

PROJECTS

Mr. Aquatic Vizag — business website
Created a website for an aquatic-fish business to present its business and collection online. Live website | GitHub repository

Employee Timesheet Management
Web application for attendance and timesheet tracking with sign-in options, admin dashboard, Excel export, and analytics. Built with assistance from an AI development tool. Live demo

Modified DTC of PMSM — academic project
Simulation and analysis of a modified Direct Torque Control strategy for a Permanent Magnet Synchronous Motor, focusing on torque ripple and speed response using MATLAB / Simulink.

Python mini projects
Beginner projects and exercises to practise programming fundamentals. Browse GitHub

EDUCATION

B.Tech — Electrical and Electronics Engineering | Aditya Engineering College, Surampalem | 2021–2025 | CGPA: 7.12/10
Intermediate (MPC) | Sri Chaitanya Junior College, Vijayawada | 2019–2021 | 65%
SSC | Maharshi Vidya Niketan | 2019 | GPA: 9.5/10

CERTIFICATION

IBM RAG and Agentic AI Professional Certificate — IBM / Coursera | Completed June 26, 2026. Learning path covering Generative AI, RAG, vector databases, AI agents, LangChain / LangGraph, and multi-agent systems.
L&T; EduTech — Renewable Energy and Power Evacuation; Electrical Power Distribution Engineering and Automation (2024).

INTERNSHIP

APTRANSCO 220/11 kV Substation, Bommuru | 50 days
Exposure to substation layout, power transformers, switchgear, protection systems, and safety procedures.

Before sharing: verify every education detail, certificate date, contact email, and live project link. Add your phone number or LinkedIn URL if you want recruiters to see them.
